**Old Republic Defendants' Notice of Supplemental Authority
Regarding U.S. Patent No. 6,546,002**

The Old Republic Defendants respectfully submit this notice of supplemental authority regarding U.S. Patent No. 6,546,002 ("the '002 patent").

At the April 14, 2015 hearing, the Court inquired about proceedings involving the patents-in-suit, including the '002 patent. The '002 patent is at issue in *Intellectual Ventures I LLC v. Capital One Fin. Corp.*, Case No. 8:14-cv-00111-PWG (D. Md.). IV previously submitted a Notice of Supplemental Authority attaching the Report and Recommendation of the Special Master recommending to the District Judge that the court deny Capital One's motion for summary judgment that the '002 patent is directed to patent-ineligible subject matter. Dkt. 98. The report and recommendation is not the final decision of the court, unless it is adopted by the District Judge following the parties' opportunity to file objections. Capital One filed its objections on May 26, 2015. Old Republic submits those objections as **Exhibit 1**.

The '002 patent is also at issue in *Intellectual Ventures I LLC v. Citigroup, Inc.*, Case No. 1:14-cv-0468-AKH (S.D.N.Y.). On May 19, 2015, the court in that case issued a tentative claim construction ruling construing two terms of the '002 patent. Old Republic submits the tentative claim construction ruling as **Exhibit 2**.

Dated: May 27, 2015

Respectfully submitted,

s/ Vernon M. Winters
